Signature des Femmes by Galateo&Friends

Signature des Femmes is the new Galateo&Friends collection, born from the creativity of four very influential women in the worlds of fashion and design. Tricia Guild, Jacqueline Morabito, Paola Navone and Carla Sozzani come together for the first time to reinvent and customize the Galateo&Friends iconic olive oil bottles adding their unique touch. Thus, the Italian company fulfills its mission the search for the perfect match between food and design. The joint participation of these creative women generates something unexpected, an in-style, elegant packaging a true work of art in a small EVOO container

These collection and limited edition bottles are available individually or combined together in an elegant gift box.
